

Information Covid19 - Safety and hygiene concept

SurfHouse Fuerteventura

- ✓ Guests must show a negative COVID-19 result once they arrive in the Surf House. The test must not be older than 72 hours. The paper must include date and time of the test, an identification of the guest, the name of the responsible laboratory and a negative result)
- ✓ When entering the SurfHouse your hands must be disinfected.
- ✓ The body temperature of the guests and teamers is regularly checked.
- ✓ Masks are compulsory in the public areas of the SurfHouse and during the surf shuttle.
- ✓ In the common areas of the SurfHouse there are disinfectants for regular use.
- ✓ Only one person is allowed in the kitchen area or two if they live together.
- ✓ The dining area is marked with seats so that the safety distance can be maintained.
- ✓ The outside tables are for use of max 4 people and have to be disinfected before and after use.
- ✓ A maximum of 3 people is allowed in the pool at the same time during opening hours.
- ✓ Increased hand washing is indicated.
- ✓ A safety distance of 2m between persons must be kept.
- ✓ The SurfHouse is cleaned daily (disinfection of the surfaces, waste disposal)
- ✓ When guests check-out, the rooms are thoroughly cleaned and disinfected.
- ✓ Each participant will be assigned a wetsuit at the beginning of the course which will be thoroughly disinfected at the end of the course
- ✓ Surf activities are carried out in small groups and with minimum distance

Our team will keep you up to date and in case of an emergency you have to follow the instructions of the camp management! If there is a suspected case of corona, the person will be isolated immediately and taken by us to a doctor.
